7/8" Corrugated Roof & Wall Panel

GENERAL

Rolled Steel Products 7/8" Corrugated panels are classically designed exposed fastener panels with multiple coverage and spacing options to choose from. With exceptional durability and unlimited color options, any one of RSP's 7/8" corrugated panels would be the perfect choice for function and creativity. The construction of corrugated panels allows them to follow every curve of your design where needed when installed vertically. And it's suitable for use on both wall and roof applications. With corrugated panels your vision is limitless. Tough Bond 3000™ SMP paint system with a 40 year written paint warranty.
